lemon and lime juice

*Combine in martini shaker; pour in  
martini glass. Add lemon and lime  
juice to taste. Complete with  
"iceberg" ice cube\*.*

## \*To make the "iceberg":

- 1) Loosely cover inside of martini glass with plastic wrap – this is important to create the fissures and cracks of the iceberg.
- 2) Fill the martini glass halfway with water. Run the faucet gently to keep the wrinkles in the plastic wrap from filling out.
- 3) Place martini glass in freezer for several hours, or until cube is frozen.
- 4) Remove iceberg from martini via the plastic wrap; remove. Turn over and place in glass before pouring. Voila!
